Edward A. Dore

## IMPORTANT

All taxpayers should read the following requirement and comply with it.

Section 70, Chapter 13, Revised Statutes of Maine, 1930

“Before making an assessment, the Assessors shall give seasonable notice in writing to the Inhabitants, by posting notifications in some public place in Town, or shall notify them, in such other ways as the Town at its Annual Meeting directs, to make and bring in to them true and perfect lists, of their polls and all their estates, real and personal, not by law exempt from taxation, of which they were possessed on the first day of April of the same year. If any resident owner, after such notice, does not bring in such lists, he is thereby barred of his right to make application to the Assessors or the County Commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed.”

# REPORT OF ASSESSORS

### SECOND

Geneva Richmond	34	Harriet Herbert	35
Manira Coffin	34	Viola Bears	33
Mabel Woolacott		38	

### FIRST

Marguerite Glenn	45	Virginia Howe	37
Beatrice Price	43	Viola Preston	38
Madeline Wilson	40	Catherine Malloy	40

Domestic Science	Phyllis Bean
Physical Education	James Stevens
School Nurse	Olive Bonsey

As requested, this report has been made very short.

Although this winter has been exceedingly severe, still the attendance has been very good.

All of our schools are in excellent condition.

Again, we wish to thank the citizens, the teachers, and the school committee for their hearty support in the work.

Respectfully submitted,

WM. M. MARR,

Superintendent

---

## Millinocket School Health Service

To the Citizens of Millinocket I submit my fourth report as School Nurse.

Of the 1411 who have received full inspection this year, but 197 were found to have no defects, yet it is encouraging to find improvements in comparison with last year.

	1932	1933
Eyes	158	99
Eyes, High School	87	46
Ears	27	22
Throats	94	94
10% Underweight	225	253

At the end of the last school year, a checkup showed 10 throat corrections, 51 vision corrections and 227 dental corrections in the grades. It must be remembered that while one child has a correction made, another may be developing the same defect, thus statistics may give a picture of existing conditions, and not of work accomplished.

1933 dental inspection shows a decrease of two percent in defects of the teeth. When all parents realize that dental decay is due to a deficiency in the diet, we expect a marked decrease in defects. An increase in the number of children underweight is to be expected, due to the economic condition

of the community. Over 300 are receiving free milk at school and 200 more are paying for their own.

We plan to continue our program each year and if possible introduce some new phase of public health. Schick Tests to determine the effectiveness of the Toxoid given in the fall, were offered in June. While a good percentage took advantage of this, many did not report for readings and we can not give an accurate report of the findings as we had hoped to. Preparations for clinics for Undernourished Children, prevented Toxoid clinics last fall as planned, but they will be held later. As Diphtheria reached almost an epidemic stage in Aroostook this year, we should be prepared. 219 were vaccinated for small pox.

A Hard of Hearing Clinic was held in June. Dr. Butler of the Hard of Hearing Committee, M. P. H. A., was the examining physician. 21 children were examined with recommendations for surgical and medical treatment. Four were advised to learn lip reading as there was no hope for improvement. A Tonsil Clinic was held after school closed at which seven of these who would not otherwise be able to have treatment, were operated on. One was sent to Bangor for a major operation.

Infant and Pre-School Clinics were held as usual in cooperation with the Maine Baby Saving Society, 105 attending. This year a class in Child Care is being conducted under the direction of the Division of Child Hygiene, Bureau of Health, who will award diplomas to the girls who complete the course. Seven girls received certificates from the American Red Cross after completing the course of Home Hygiene and Care of the Sick. This is the first class that has qualified under the Red Cross requirements. Both of the above classes are from the Sophomore Class of Domestic Science given under cooperative plan.

In the grades 19 rooms won awards in the health habits contest, one room a dental award, and 351 children received Six and Seven Point pins.

May Day 1933 was observed quietly with health movies at the Opera House. Oxford Street School had an attractive health program with May Pole and Dance to which parents

were invited. Dr. Dickinson, Head of Department of Psychology, U. of M. discussed Habit Patterns of children at the May meeting of the P. T. A.

Several trips have been made to Portland for children taking treatment there, and one child was taken to Pownal. Our list of children with orthopedic defects is getting so large that some plan should be devised for Orthopedic clinics. The out come of these cases depend on the early discovery and treatment. We have many contact cases of Tuberculosis in our schools and these children should be examined at least once a year to determine if they are developing active disease. The Clinic Service is developing a system of regional clinics at which point all children from that part of the state will be brought for examination once a year. Millinocket has been given preference if sufficient interest is manifest and we can raise our proportion of the necessary funds.

To show how the time of the nurse is divided we give the following: Visits to buildings 633, to rooms 2284, in behalf of service 442, follow up in home 167. In addition to the full routine inspection, 2280 special inspections were made, 67 being excluded, and 561 given first aid. 1314 notices of defects were sent to parents.

To the dentists for dental inspection of the school, to Dr. Bryant for throat inspection and for special inspections which the nurse is not permitted to make, to the Child Welfare Committee, and the Milk Fund Committee of the P. T. A., and to all individuals whose interest and assistance have increased the efficiency of the service, appreciation is extended.

Respectfully submitted,

OLIVE BONSEY, R. N.

School Nurse

---

## Report of Health Officer

A few nuisances were reported in Town. These were remedied so far as possible. Dumping refuse by the roadside or on vacant lots is still done at night; but there is less of this than in previous years.

An occasional pig is kept within Town limits in spite of

a Town ordinance against it. Owners of these pigs that were discovered were required to remove them.

As required by law, free vaccination against smallpox was offered in March, 1933. Two persons, only, took advantage of this. Vaccination was again offered through the schools in June. With the co-operation of the School Nurse 216 persons were vaccinated.

A large majority of the children who were inoculated in November 1932 against diphtheria were tested for immunity. Of those treated, about 92% were found protected.

Due to an outbreak of rabies in other parts of the State a quarantine of all dogs in the Town was ordered April 27, 1933 by the State Bureau of Health. Two hundred and sixty five houses were placarded; and as many dog owners were advised about rabies and the keeping of quarantine. May 27th. the ban was lifted. Between these dates 10 or more children were bitten by dogs, but no really serious results followed.

This has been an exceptional year so far as contagious diseases are concerned. A mild epidemic of chicken pox occurred in May and June, but most of the cases were not reported. The following diseases were reported; Pneumonia 3; Influenza 43; Chicken Pox 12; Typhoid Fever 3. The source of the cases of typhoid fever could not be determined. No contagious disease has been reported since July 1933.

Fred G. Townsend and Charles R. Steeves were re-appointed Plumbing Inspector and Alternate respectively.

The children of the first five grades have been examined for throat disorders.

During the calendar year 1933 there were recorded 159 births (including 6 still births) and 54 deaths. This is the fourth consecutive year that the total number of births has been below the average. It is the lowest number reported in at least fourteen years. The death number is the same as in 1932.

Respectfully submitted,

C. S. BRYANT,  
Health Officer

# Report of Plumbing Inspector

To the Citizens of Millinocket:

Your Plumbing Inspector reports for the year 1933.

Nine complaints of unsanitary conditions, which have been investigated, and proper adjustments made to comply with the plumbing code.

Sixty-two inspections of new plumbing installations, which were found to comply with the plumbing code.

During the year the following were installed:

- 18 Toilets
- 7 Bath tubs
- 12 Sinks
- 9 Lavatories
- 8 Hot water tanks

The amount collected for permits was \$35.25. \$22.50 of this amount has been refunded to the Town from the State. There is owing from the State out of this account \$3.85, which will be included in 1934 account.

There are several complaints filed, which will be dealt with when spring comes.

Respectfully submitted,

FRED G. TOWNSEND,  
Plumbing Inspector

---

# Report of Milk Inspector

To the Selectmen and Citizens of Millinocket:

Your Milk Inspector begs to submit the following report for the year 1933.

During the past year tests were run monthly for the butter fat content of our milk and cream. Bacteria tests were run on each dealer's milk and very low counts obtained.

During the summer months samples of cream were obtained from several of the farmers coming into town Fridays and Saturdays. Each sample was tested for butter fat content and each found to be satisfactory.

Monthly reports were posted in the Post Office for public inspection.

Respectfully submitted,

EDW. A. DORE,

Local Milk Inspector

## Report of Swimming Pool Committee

To the Selectmen and Citizens of Millinocket:

We, the Swimming Pool Committee, wish to submit the following report for the year 1933.

The Swimming Pool was open to the Public for about thirteen weeks, with Mr. Isaac Cyr and Mrs. Harriet Glenn taking charge. During this time, the average attendance per day was 200, the small children especially enjoying the privileges. No accidents were reported.

We heartily recommend the continuance of this Public Swimming Pool for it is an excellent place for the young people of the town to have their recreations in the summer without fear of danger.

CHARLES MADDEN, Chairman

KENNETH E. REED

MRS. HARRIET GLENN

Committee

# Report of Aviation Field Committee

To the Citizens of Millinocket:

Because of the economic conditions, the Airport Committee did not ask for an appropriation in 1933. Later, when it became necessary at a Special Town Meeting to secure funds for other accounts, the Committee agreed that \$100.00 could be transferred from the then existing balance. This was done with the understanding that a small appropriation would be made in 1934 for the Airport.

As you know, the Government has approved a C. W. A. Project at our Airport, and work has been carried on there since the first of the year. We should show our interest in the matter by making at least a small appropriation. We are informed by the Federal authorities that Millinocket is a key-point for a landing field and we are in hopes in the near future, to make the field self-supporting by charging reasonable fees to commercial planes, the same as other cities and towns are now doing. Meanwhile, Federal planes will be landing in Millinocket during this coming summer to inspect our various projects and so we should help this matter along.

The Great Northern Paper Company again hauled ashes to the Airport during the winter and we thank the Company for them.

Respectfully submitted,

# Auditor's Certificate

To the Citizens of Millinocket:

Throughout the year I have audited bills; vouchers; and postings to the general books. All bills against the town have been paid by the Treasurer only upon Warrants duly authorized by the Selectmen.

TOWN TREASURER - I have verified cash on hand and in bank which I found to be correct and in agreement with a control cash account kept in the Selectmen's office.

MONEY AND BONDS IN SCHOOL FUND I found the Bonds, \$10,000.00 worth, in a safety deposit box in the Millinocket Trust Co. Cash as shown in the town records and belonging to said fund was found on deposit in a savings account in the same institution. A detailed report issued by the Treasurer is shown in another part of this booklet, and I hereby certify that it is correct.

TAX COLLECTIONS Your Collector has properly accounted for the taxes committed to him for collection, including Automobile Excise Taxes, and in the verification of his accounts I have given particular attention to:

1. The amount of cash which he collected and turned over to the Treasurer.
2. Abatement orders issued to him by the Selectmen.
3. Abatement allowances made by him to taxpayers who paid their taxes prior to August 15th.
4. Interest which he received from taxpayers who paid their taxes after August 15th.
5. Taxes on property sold because of non-payment of said taxes.
6. Uncollected taxes as per list appearing in another part of this report.

I HEREBY CERTIFY that in my opinion the within report represents a true and correct statement of all transactions for the fiscal year ended January 31, 1934.

Respectfully submitted,

NELSON A. FELIX,  
Town Auditor

# Auditor's Comments

To the Citizens of Millinocket:

**SALARIES OF TOWN OFFICERS:** This year for the first time, salaries of town officers appear in the year in which they were earned. Unfortunately, the layover from last year when added to current year's expenses makes a burdensome total. Hereafter when you pick up a town report you will find therein the wages and salaries for that year only.

**UNCOLLECTED TAXES:** In my report a year ago I mentioned that an analysis of Uncollected Taxes seemed to indicate that in the early years these were carried along for several years and afterwards dropped without making an appropriation of a corresponding amount for the abatement of such taxes. I have since confirmed this.

The total amount of uncollected taxes not including those for the current fiscal year aggregates \$10,454.20.

I fully realize that owing to the heavy burdens already imposed upon the taxpayers this is hardly an opportune time to raise money to abate these old taxes. However, part of my duties consist in keeping the taxpayers posted regarding the financial affairs of the town and I accordingly repeat what I said last year—whenever conditions return to normal the matter should not be overlooked and an adjustment should be made through a suitable abatement appropriation.

**TAX DEEDS** - There are now eighty-two (82) tax deeds in the hands of the Treasurer running to the Town. These deeds are dated beginning from year 1908 to the end of the last fiscal year excepting that for all years from 1911 to 1926 both inclusive no tax deeds are to be found.

Those I have listed amount in all to \$1,644.52 and it might be within the provinces of the Treasurer to convert some of these into cash inasmuch as this authority has been granted him at each town meeting of the past few years by appropriate article inserted in the town warrant. A detailed examination is recommended to ascertain whether some of them have been paid, and simply were not removed from the active list.

Respectfully submitted,

NELSON A. FELIX, Town Auditor

## Comments By The Selectmen

To the citizens of the town of Millinocket we submit the following report which may be considered as embracing all unsigned accounts herein:

We wish to call to your attention the fact that when the books were closed on January 31, 1934, NO ACCOUNTS SHOWED AN OVERDRAFT. An inspection of the preceding thirty-two annual reports will disclose that this is the second time in the history of the town that a fiscal year has ended with no overdrafts.

Vouchers, books, and receipts supporting all of the foregoing receipts and disbursements are on file in the office of the selectmen, where they are open to the inspection of the voters and taxpayers during the ordinary hours of business.

Last year the selectmen brought the attention of the voters to the matter of raising money to pay town officers. This was eventually carried out at a special town meeting. All town officers during the past fiscal year have been paid, or funds provided therefore. This can be taken care of in like manner during the present fiscal year by action at the coming March town meeting.

The new bookkeeping system is working to perfection. The enormous amount of work this year has demonstrated to us that under the old system, it would have been practically impossible to have obtained the same gratifying results. The town auditor, Mr. Nelson A. Felix, has, at all times, rendered both courteous and efficient service in auditing the town books.

At our last annual meeting, following a custom established, Mr. O'Connor as chairman of the Budget Committee for 1933, presented to that meeting by motions the recommendations of that committee and he performed his duty in a competent manner. At the coming March meeting, Mr. Preble, chairman of the present Budget Committee, following the precedent established, will, we presume, perform the same service and we make this notation here in order that all may understand the capacity in which the chairman of that committee is presumed to act.

With very few, if any exceptions, your board of selectmen approve of the recommendations of the present Budget Committee for expenditures in 1934, and we take this opportunity of thanking the members of that body for the assistance which they have rendered to the town in preparing their recommendations and report, and we believe that the practice of

choosing such a committee at each annual meeting is a wise one and that it should be followed. It is not to be understood that it restricts individual citizens in their privilege of offering motions upon any of the articles in the warrant. See report of committee, page 75.

The following are some of the highlights of the administration:

The closing of our bank by the Government.

The pulp cutting job affected the matter of handling our welfare people, and a disturbing feature, the strike of the workmen, which occurred in July.

The establishing of CCC camps in Millinocket and the nominating of men to serve in the Baxter CCC camps in town.

The supervision of the work on the road from Pockwo-camus to Sourdnahunk Stream, over the "ROOSEVELT SCENIC HIGHWAY" through Baxter Park, passing by Mount Katahdin, making it possible to travel from Millinocket to Greenville via Ripogenus Dam.

The building of the Federal Road from the railway station through Rush's field, under NRA proved to be a major problem to handle and complications have arisen yet to be definitely settled in regard to the railway crossing. In carrying out this project we were obliged to employ men from other towns as well as from Millinocket.

Millinocket, as a municipality, became a member of the NRA.

The Federal Civil Works Administration was established by the President of the United States to meet a serious emergency. On November 19th last at the City Hall in Bangor the State Civil Works Administration for this section was put in motion.

The town of Millinocket was allocated 121 employees under the original CWA works program. On November 21st, two days after this vast organization was created, the first job was started in Millinocket under the supervision of the Board of Selectmen, as Local Civil Works Administrators. Through the efforts of the Administration Millinocket was allocated an additional quota of 24 workmen to be placed on the Airport Development project. The creation of the Civil Works Service branch of the work made possible the placing of 20 women at work in Millinocket, making the total number of CWA employees in this town 165.

During the relief period beginning November 19, 1933, and ending February 15, 1934, the Federal Government paid and contracted for the following sums of money for wages and materials:

Project	No. Em- ployees	Wages	Materials	Total
Bates Street Sewer	19	\$2,889.50	\$1,216.07	\$4,105.57
Beautification of Ap- proach to town	41	7,335.05	0	7,335.05
Sourdnahunk Highway	50	9,583.50	0	9,583.50
High School Repairs	11	1,610.10	147.54	1,757.64
Airport Development	23	1,832.00	0	1,832.00
Public School Cleaning	11	618.60	0	618.60
Relief Work (Women's)	8	461.40	0	461.40
Administrative Office	2	320.00	0	320.00
Total	165	\$24,650.15	\$1,363.61	\$26,013.76

In connection with this work, the town of Millinocket has paid or contracted for materials amounting to \$1,363.60, the agreement with the Federal Government being that the Local Government must pay half of costs of materials.

Under the NRA as originally outlined, the Federal Government paid \$4,546.00 in wages and salaries on the National Recovery Secondary Highway project 237 (Sourdnahunk Road, near the B. & A. R. R. station) during the months of September, October, and November of 1933. This expenditure together with the amount expended for CWA projects makes a grand total of \$30,559.76 which the Federal Government has expended for relief purposes in the town of Millinocket during the past fiscal year.

In addition to the above hundreds of dollars worth of clothing, footwear, pork and other supplies have been distributed among the needy here by the F. E. R. A., a branch of the NRA, through the selectmen.

In all the years since Millinocket became a town no such conditions have arisen as those which have confronted your board during the present year and hardly so in all the previous thirty-three years combined. Those matters which we have alluded to as "highlights," some of them, in reality have developed into what might better, perhaps, have been called, "heavy darks." The pall of unemployment and privation descended upon us as well as upon the country at large.

Desperate measures have been taken by the Federal Government in a justifiable hope of restoring prosperity to the

country by extending employment. The organizing and administering of the projects set up for the accomplishment of the above purpose has proved to be extremely trying, not only for us but for all, from the President down. In our endeavors to satisfy all within the means furnished us we have not, in all cases, succeeded even to our own satisfaction but consideration, we hope, will be given to the difficulty of our situation. We can say only that we have done our best, but realize that human judgment always was and ever will be prone, at least, to occasional error.

Respectfully submitted,

FRANK O. DAISEY,  
FRANK H. SPEED,  
SIDNEY STEVENS,

Selectmen of Millinocket.

---

# REPORT OF THE BUDGET COMMITTEE OF THE TOWN OF MILLINOCKET 1934

To the Citizens of the Town of Millinocket:—

At the last Town Meeting, it was voted that the Moderator appoint a Budget Committee of fifteen members for 1934. This was done in due course, the Committee appointed this year differing from those of the past four years in that no member holds a town office; and, that a Secretary was appointed in addition to the fifteen members, said Secretary serving without voting power.

As past years have proven the value of public hearings, three meetings were devoted entirely to such. The various

(a) This \$34,000 was appropriated at Special Town Meetings as follows:—CWA Projects, \$2,000; Care of Poor Account, \$24,500; Roads and Bridges Account, \$2,000; and, Town Officers' Account, \$5,500. This money was borrowed from Bank and has not been assessed. It must therefore be raised this year to pay the debt to the Bank.

(b) This \$10,000 Fund is to be used at the discretion of the Selectmen as an Emergency Fund to provide work for men who would otherwise be on the Town; said work to have some constructive value to the town.

points brought out at these hearings are important factors when the recommendations are made at later executive meetings. While the attendance at these hearings was about the same as in the past, it is felt that if more were to attend these meetings, it would be of mutual advantage to the citizens and the Committee.

It will be recalled that it was found necessary last year to make extensions to the Catholic and Protestant cemeteries. Ultimate plans call for the enclosure of the old cemeteries and their new extensions with a sturdy fence of appropriate design; the grading and construction of new roadways in the extensions; and, the installation of additional water lines to convenient points. To do all this work in one year would entail a sizable appropriation, so it is the recommendation of your Committee, that only \$1,000 be raised this year. This sum added to the balance of \$1,450 now on hand, should take care of the grading, the extension of water lines, and a good start on the new fence. The balance of the existing fence to be repaired as cheaply as possible, and then next year, raise enough money to complete the project.

The recommended appropriations for your fire and police departments are on the basis of giving the members of these organizations back one-half of the cut that they voluntarily took in their salaries last year.

Your Committee has been approached by many citizens requesting that something be done in the way of fixing the future salaries of all Town Officers. After several lengthy discussions on this subject, the Committee unanimously recommends that all salaries of Town Officers be fixed for the year of 1934 and thereafter, and suggest the following schedule for the approval of the citizens at Town Meeting:—

Selectmen—Total of 3 Salaries not to exceed	\$3,000
Treasurer	800
Clerk	300
Fire Chief	150
Health Officer	500
Auditor	300
Sealer of Weights	100
Milk Inspector	125
Tax Collector—Total not to exceed	2,100

If the tax collector's wages are set as recommended above, it would then be the duty of the Selectmen after the total commitment had been established, to set a rate for the tax collector

so that if he collected all the taxes, his pay (together with the fees from the excise tax) would not exceed the sum decided upon.

In the Care of the Poor Account, there is a balance of \$6,422. Your Committee recommends that \$20,000 be raised in addition to this balance. It may be that this will prove insufficient alone, so a sum of \$10,000 is recommended for the Special Account. This \$10,000 to be used at the discretion of the Selectmen as an Emergency Fund, to provide work for men who would otherwise be on the town—said work to have some constructive value to the town.

The school account recommendations are made on the basis of the following:—(1) Common School to run 34 weeks; (2) Free High School to run 36 weeks; (3) a 10% reinstatement of wages of all teachers and janitors to take effect next September; (4) the hiring of additional teachers next September if found necessary; (5) the transportation of those children living beyond the Cemetery on the Medway Road, during the three bad winter months.

The School Committee reported that the mothers had made a strong appeal to have the School Nurse start work two weeks before school opened, remain two weeks after school closed, and to work during the one week vacation in the spring. At the Public Hearings held by your Budget Committee, this extra five week period was advocated by others than the School Board, as a money saver to the Town because it would allow the nurse time to investigate and follow up many cases into the homes which would otherwise be neglected. It was also urged at the Public Hearings, that the nurse be given an increase in salary. The recommendation in this account is for the five extra weeks and a 10% wage reinstatement effective next September, the same as the teachers.

Every account which appears on your town books has been carefully compiled into a comprehensive tabulation, which in most cases, make the recommendations of the Committee self-explanatory.

The Committee wishes to take this opportunity to thank the Selectmen and their office force; also, the Town Auditor for the fine spirit of co-operation they have shown in furnishing any information requested.

In conclusion:—If the Budget Committee's recommendations are accepted as shown on the tabulation (and the state

and county taxes and valuation remain about the same), the tax rate for 1934 will be approximately \$54 per \$1,000.

## STATE OF MAINE

PENOBSCOT, ss.

To Fred M. Gates, a constable of the town of Millinocket, in said county, GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the Inhabitants of the town of Millinocket, qualified by law to vote in town affairs, to assemble at the ARMORY BUILDING in said town on Monday, the Fifth (5th) day of March, A. D. 1934, at Nine (9) o'clock in the forenoon to act on the following articles, to wit:

Article 1. To choose by ballot, a Moderator to preside at the said meeting.

Article 2. To choose by ballot, according to the provisions of Sections thirty-eight (38) to fifty-two (52) inclusive, of Chapter Five (5) of the Revised Statutes of Maine, 1930, three Selectmen, who shall be Assessors and Overseers of the Poor, a Town Clerk, Town Treasurer, Collector of Taxes, Road Commissioner, one member of the Superintending School Committee for three years, Chief of the Fire Department, and Auditor. The Polls for the election of these officers will be open at Nine (9) o'clock in the forenoon and close at Seven (7) o'clock in the afternoon.

Article 3. To see if the town will vote to elect and elect Supplemental Town Committees, or instruct the Selectmen to appoint said Committees.

Article 4. To see if the town will vote to elect or appoint a Budget Committee, fix the number of members and their term of office.

Article 5. To choose all other town officers for the ensuing year.

Article 6. To see if the town will vote to charge interest on all taxes remaining unpaid after a specific time. Also, to fix such rate and time.

Article 7. To see if the town will vote to allow an abatement to be made to those who voluntarily pay their taxes to the collector or treasurer at certain periods, and the times

within which they are so entitled. Also, to see if the town will vote to fix the rate for said abatements.

Article 8. To see if the town will vote to fix the salary of the Road Commissioner for the ensuing year.

Article 9. To choose a Sewer Commissioner for the ensuing year.

Article 10. To see if the town will vote to continue the Free High School as established.

Article 11. To see if the town will vote to transfer the sum of Three thousand dollars (\$3,000) from the Miscellaneous Account to Bonds—Payable Account.

Article 12. To see if the town will vote to grant and raise such sums of money as may be necessary,

Article 14. To see if the town will vote to employ a School Nurse. Also, to see what sum of money the town will vote to grant and raise for the same.

Article 15. To see what sum of money the town will vote to grant and raise to be expended on the Sourdnhunk Road between the Bangor and Aroostook Railroad Station and Spencer's Carry, so-called.

Article 16. To see if the town will vote to raise the sum of Twenty-four thousand, five hundred dollars (\$24,500) to pay for permanent loans negotiated for Care of the Poor, and which were authorized at a Special Town Meeting held on August 21, 1933.

Article 17. To see if the town will vote to raise the sum of Two thousand dollars (\$2,000) to pay for permanent loans negotiated for Roads and Bridges, and which were authorized at a Special Town Meeting held on December 6, 1933.

Article 18. To see if the town will vote to raise the sum of Five thousand, five hundred dollars (\$5,500) to pay for permanent loan negotiated for Town Officers, and which was authorized at a Special Town Meeting held on November 13, 1933.

Article 19. To see if the town will vote to raise the sum of Two thousand dollars (\$2,000) to pay for permanent loan negotiated for CWA Projects, and which was authorized at a Special Town Meeting held on December 6, 1933.

Article 20. To see if the town will vote "Yes" or "No" on the question of appropriating and raising money necessary to entitle the town to State Aid, as provided in Section 20 of Chapter 28 of the Revised Statutes of 1930.

Article 21. To see what sum of money the town will appropriate and raise for the improvement of the section of State Aid Road as outlined in the Report of the State Highway Commission, in addition to the amounts regularly raised for the care of Ways, Highways, and Bridges, under the provisions of Section 19 of Chapter 28, of the Revised Statutes of 1930.

Article 22. To see if the town will vote to grant and raise a sum of money for the maintenance of the State Aid Highway, according to the provisions of Sections 18, 37, and 38 of Chapter 28 of the Revised Statutes of 1930. Also, to see what sum of money the town will vote to grant and raise for the same.

Article 23. To see if the town will vote to instruct the Municipal Officers of the town of Millinocket to petition the State Highway Commission on or before November 1, 1934, under the provisions of Sections fifty-two (52) and fifty-three (53) of Chapter twenty-eight (28) of the Revised Statutes of Maine, 1930, to lay out a winter route over the State Highway which begins at the Millinocket Stream Bridge and extends towards Mattawamkeag. Also, to see what sum of money the town will vote to grant and raise to pay for the same.

Article 24. To see if the town will vote to install a new street light at or near the corner of East Avenue and South Street, and a new street light at or near the corner of South Street and High Street. (By Petition).

Article 25. To see what sum of money, if any, the town will vote to raise for the construction of a storm sewer from Highland Avenue at or near the union of Bates Street to connect with storm sewer at the union of Second Street and Penobscot Avenue.

Article 26. To see if the town will vote to establish and establish a rate percent for the collection of taxes, or fix a salary for the same, for the ensuing year.

Article 27. To see if the town will authorize the town treasurer, with the approval of the selectmen, to hire as temporary loans this current fiscal year, such sums of money as may be necessary to defray town charges and to pay town notes and bonds becoming due and for these purposes to issue and negotiate notes of the town to be paid during the year in which said loans are made, out of money raised during such current year by taxes, said loans not to exceed an amount in the aggregate the total tax levy for the preceding municipal year, less the total amount of temporary loans previously authorized to be made in anticipation of this current year's taxes, and to ratify said loans.

Article 28. To see if the town will vote to delegate to the Board of Selectmen, or to some other Board or Committee, the right to exercise the powers granted in Sections One (1) and Five (5) of Chapter 213, of the Public Laws of Maine, 1931, relative to Municipal Airports, the maintenance, operation, and regulation of same.

Article 29. To see if the town will vote to give the town treasurer authority to sell all Tax Deeds remaining in his hands which have not been redeemed within the period prescribed by law, and authorize him for and in behalf of the Inhabitants of the town of Millinocket to assign these deeds to the purchasers.

Article 30. To see if the town will vote to enter into an agreement with the Millinocket Water Company for a supply of water for fire protection and other municipal purposes. Also, to see if the town will vote to enter into said agreement in accordance with the terms and specifications of a form of agreement which will be submitted to the meeting, or what terms and specifications said agreement shall contain. Also, to see what duration of time shall be covered by said agreement. Also, to see if the town will authorize and direct its Selectmen to assign and execute such agreement for and in behalf of said town with said Millinocket Water Company.

Article 31. To see if the town will vote to remove the

office of Chief of the Fire Department from the provisions of Section thirty-eight (38) to Section fifty-two (52), both inclusive, of Chapter 5, of the Revised Statutes of Maine, 1930, so that in future town meetings the Chief of the Fire Department will not be elected by secret ballot and so that his name will not appear on said ballot. (By Petition).

Article 32. To see if the town will vote to fix the salary of the Selectmen, Assessors, and Overseers of the Poor, the Town Clerk, the Town Treasurer, the Town Auditor, the Health Officer, the Chief of the Fire Department, the Fire and Building Inspector, the Sealer of Weights and Measures, and the Milk Inspector, for the ensuing year. Also, to fix said salaries.

Article 33. To see if the town will vote to accept a list of Jurors as prepared by the Municipal Officers.

Article 34. To see if the town will vote to accept the report of the Municipal Officers for the fiscal year ending January 31, 1934.

Article 35. To transact any other business that may legally come before said meeting.

The Selectmen give notice that they will be in session at the Selectmen's Office in Millinocket, in the "Stearns and Gonya Block," so-called on Thursday, Friday, and Saturday, the First, Second, and Third days of March, A. D. 1934, from Nine (9) o'clock in the forenoon to Five (5) o'clock in the afternoon, for the purpose of correcting the list of voters in said town, and hearing and deciding on applications of those claiming the right to have their name upon said lists.

Given under our hands this Twenty-fourth day of February, A. D. 1934.

Signed :

FRANK O. DAISEY,  
SIDNEY STEVENS,  
FRANK H. SPEED.
